Rhees, Rush

May 11 4

May 22nd, 1914

President Rush Rhees,

University of Rochester.

Dear President Rhees:

Our diplomas in the Faculty of Engineering are all in English, possibly because they would regard it an inconsistent to have the student receive a diploma in Latin when we do not require Latin at Matriculation for Applied Science. The diplomas for the other Faculties are in Latin, however. I am sending you a copy of the diploma, though probably it will not be of much service to you.

I have the pleasantest recollections of my visit to the University of Rochester last spring, though the day was rather stormy.

With kind regards, I am,

Yours sincerely,

President.
